COOKIE POLICY

Cookies are encrypted and unidentifiable bits of information sent to your browser from a web server that is stored on your computer's hard drive. Cookies are set each time you register, or log in or log out Soap Aid, Inc's website. Cookies may be used to store your username or email address so that you don't have to re-enter it each time you visit our website. We may also use cookies to gather aggregated information about user habits on our website and services. For example, we may use cookies to estimate the number of concurrent users, estimate the total number of users, measure traffic statistics and to better understand how our users are using our services.

It does not track users when they cross to third party websites, does not provide targeted advertising to them, and therefore does not respond to Do Not Track (DNT) signals. You can control the use of cookies at the individual browser level, but if you choose to disable cookies, it may limit your use of certain features or functions on our website or services.
